Covell, Osmond Tiffany. During the past year (1859), great efforts have been made to increase the power and usefulness of this institution, and its claims have been promptly acknowledged by the citizens of Springfield. A handsome sum, nearly $9000 has been subscribed. To this fund over $1600 was contributed by the efforts of the ladies of Springfield, who held a Fair in the City Hall, February 14th and 15th, 1860, for the benefit of the Association. The low rate of charge for the privileges of the library (one dollar per annum), has induced a large number of persons to avail themselves of it. Number of volumes, (June, 1860,) 4150, ex-

clusive of a complete set of Bohn's series, 550 volumes, now preparing in England, and a gift to the library. New works of popular and deserving character are constantly added. Library open for drawing books on Tuesdays, Thursdays and Saturdays, from 9.30 A. M. to 12.30 P. M., and from 3 to 5 P. M. The Reading Room, open each day and evening, has been conveniently fitted up, and is supplied with a large number of the leading reviews, magazines, and newspapers. In connection with the Association is a cabinet of minerals and curiosities.

Springfield Cemetery Association—George Bliss, President; Lewis Gorham, Clerk and Treasurer. The Cemetery grounds cover an extent of nearly forty acres, and from their opening in June, 1841, to May 1860, 4,745 interments have been made in them, 197 of that number being from May, 1859, to May, 1860. The whole amount realized from subscriptions and sale of lots, during that period, amounts to $23,743.08, the receipts from May, 1849, to May, 1860, being $1,370.08.

Principal Public Halls in Springfield—City Hall, having seats for 2,700 persons. Music Hall, corner of Main and Pynchon streets, owned by Tilly Haynes, will seat 1,200 persons, is rented for lectures and first class entertainments only.

PLACES WORTHY OF NOTICE FROM STRANGERS VISITING SPRINGFIELD.

The City Hall, fronting Court Square, erected at an expense of $100,000, ranks among the finest buildings in New England. It has an audience room, capable of holding 3,000 persons, and accommodations for all city officers, Police Court, and City Library.

The Cemetery—In the south-easterly part of the city, has its main entrance from Maple street, near its junction with Central street, with an entrance for carriages also from Pine street, and for people on foot from Mulberry and from Union streets. It has great natural advantages of location and scenery, combining a fine variety of hill and dale, and is constantly being beautified and adorned by the hand of art.

The Armory is too well known for its claims to pass unheeded. Visitors can but admire the beautiful view of the city from the top of the tower of the Arsenal; the admirable arrangement for storage of muskets in the same building; the great improvements in machinery, almost perfect, the growth of late years, for the manufacture of arms; the new dam and appurtenances of the Water Shops, and internal arrangements of the work shop recently erected there.

Hampden Park—Inaugurated September 29, 1857. Purchased and improved by the Hampden County Agricultural Society, at a cost of $31,600, for an exhibition ground; "the finest and most convenient location the Society could have fixed upon, and unsurpassed for beauty and fitness by any lot devoted to a similar purpose, in the world." These grounds, sixty acres in extent, enclosed on the river

side by a costly levee, ("more than four-fifths of a mile in length, from three to six feet high, and six feet wide at the top, well covered with turf,") on the other side by a substantial fence, contain a splendid barn, with stalls for cattle and horses, and extensive sheds in addition, devoted to a like purpose; a mile and also a half mile track, graded and kept in good condition; a range of seats three hundred feet long; and judges stand, tasteful in appearance and permanent in construction. Here are held the far-famed Springfield Horse Shows, and the annual Cattle Shows of the County Society. In the opening address of Mr. George Bliss, he says: "It is peculiarly fitting that this particular spot should be thus appropriated. This tract of meadow land, bounded on three sides by the river, the End brook and upland, has from the earliest settlement of the town, been known as the 'three-cornered meadow,' and the largest portion of it was the first lot of land granted by the earliest settlers, within the first month after their arrival."

GREAT FRESHETS—*Highest Rise of Water in Connecticut River*—1801, twenty-one feet six inches; 1843, April 18, twenty feet eight inches; 1854, May 1, twenty-two feet four inches; 1856, August 21, eighteen feet nine inches, (Camp Thompson inundated); 1859, March 20, twenty feet six inches. The three last are taken from Mr. Butler's record at the Bridge.

POPULATION OF SPRINGFIELD—Census of 1855, 13,788.

Greeley's Patent Brace Suspender!

A VERY GREAT IMPROVEMENT.

Fast taking the place of all other Suspenders or Braces. No Gentleman or Lady should do without them, as they excel all others for ease, durability and cheapness.

Fellow Laborer, you are no longer under the necessity of doing without proper support for the pants, as my Suspender attaches to the pants just over the hips, a point acknowledged by all, where it has been introduced, to be the only proper point of suspension, as there can be no strain on the pants or Suspender, nor can they possibly slide from the shoulders, and—

"By buckling one strap, when from toil set free,
Will make a gentle or powerful Brace for thee."

There never was an article more perfectly adapted to the wants of Boys and Misses than the Brace Suspender. All orders promptly filled by
